INTERNSHIPS

Web-Development Internship	July 2024 - October 2024
Mobzway Technologies	Virtual, Remote

- In this Internship I have learned about the technologies like HTML5, CSS3, JavaScript, React.Js, Node.Js.

PROJECTS

Student Management System. Built a Student Management System using Java that helps store and manage student details efficiently. It allows users to add, update, delete, and view student records in a simple interface. The system organizes student information in a structured way and makes data handling faster and error-free. This project is useful for educational institutions to manage student data effectively. ([Try it here](#))

Text Editor App using Java Swing Built a Text Editor Application using Core Java and Java Swing. This application functions like a notepad where users can write notes and save them to a file. ([Try it here](#))

CERTIFICATIONS
